

23.3.2020

Dear parents and carers,

Today we have closed school to all children, including those of key workers and children in specific groups - we have a suspected case of coronavirus. We have contacted the parents of all children due in this morning. I share this with you as we are a small community and I would rather you were informed.

We will arrange a deep clean as soon as possible and notify parents of key workers and children in specific groups when we are open again.

Sorry to be brief today – we have a lot to organise still.

With thanks for all your continued support,

Zoe Avastu
