

CASES OF COVID-19 OVER FEBRUARY HALF TERM

28.1.2021

Dear parents/carers,

We are approaching the February half term holiday and information has been given to us from DfE regarding how we/parents & carers should respond to positive covid-19 cases in the holidays.

Please see the information below which explains when you should contact the school over the February half term:

1. Where pupils or staff still attending their school test positive for covid-19 during the holidays, having developed symptoms more than 48 hours since being in school, the school should not be contacted. Staff, parents & carers should follow contact tracing instructions provided by NHS Test and Trace.
2. Where pupils or staff still attending their school test positive, having developed symptoms within 48 hours of being in school, staff, parents & carers should contact the school.

When contacting the school, please e-mail: admin@eastington.gloucs.sch.uk This e-mail address will be checked once a day. I will contact the Department for Education COVID-19 helpline / PHE and follow their advice and assist with contact tracing as necessary.

If I need to communicate with parents/carers in relation to contact tracing in the holidays it will be through the school text/e-mail service or through a phone call.

Many thanks for you cooperation in this matter. Please take good care and look after yourselves and families.

Zoe Avastu
Headteacher
