Millend Mills Bridge repair

Dear Sir/Madam

What: Road closure for bridge maintenance
Where: Millend Lane, Eastington – see overleaf for details of the exact location
When: Road closure 8th to 26th March – 24/7 closure

We are writing to make you aware of proposed maintenance works to repair Millend Mills Bridge.

To ensure the safety of road users and our workforce, it will be necessary for us to **close the road to through traffic, pedestrians and cyclists** because of the size of machinery that will be used. Overleaf is a map showing the extents of the road closure and diversion route.

We appreciate road closures are inconvenient, but in order to keep you and the team working on the site safe it is necessary. We have planned the works so we can be in and out as quickly as possible.

Diversion

We have created an official diversion route which will be signposted and is suitable for all vehicles that would normally use the closed road. We appreciate you may know an alternative route, however please be aware alternative routes which are outside of the road closure area are used at driver's discretion.

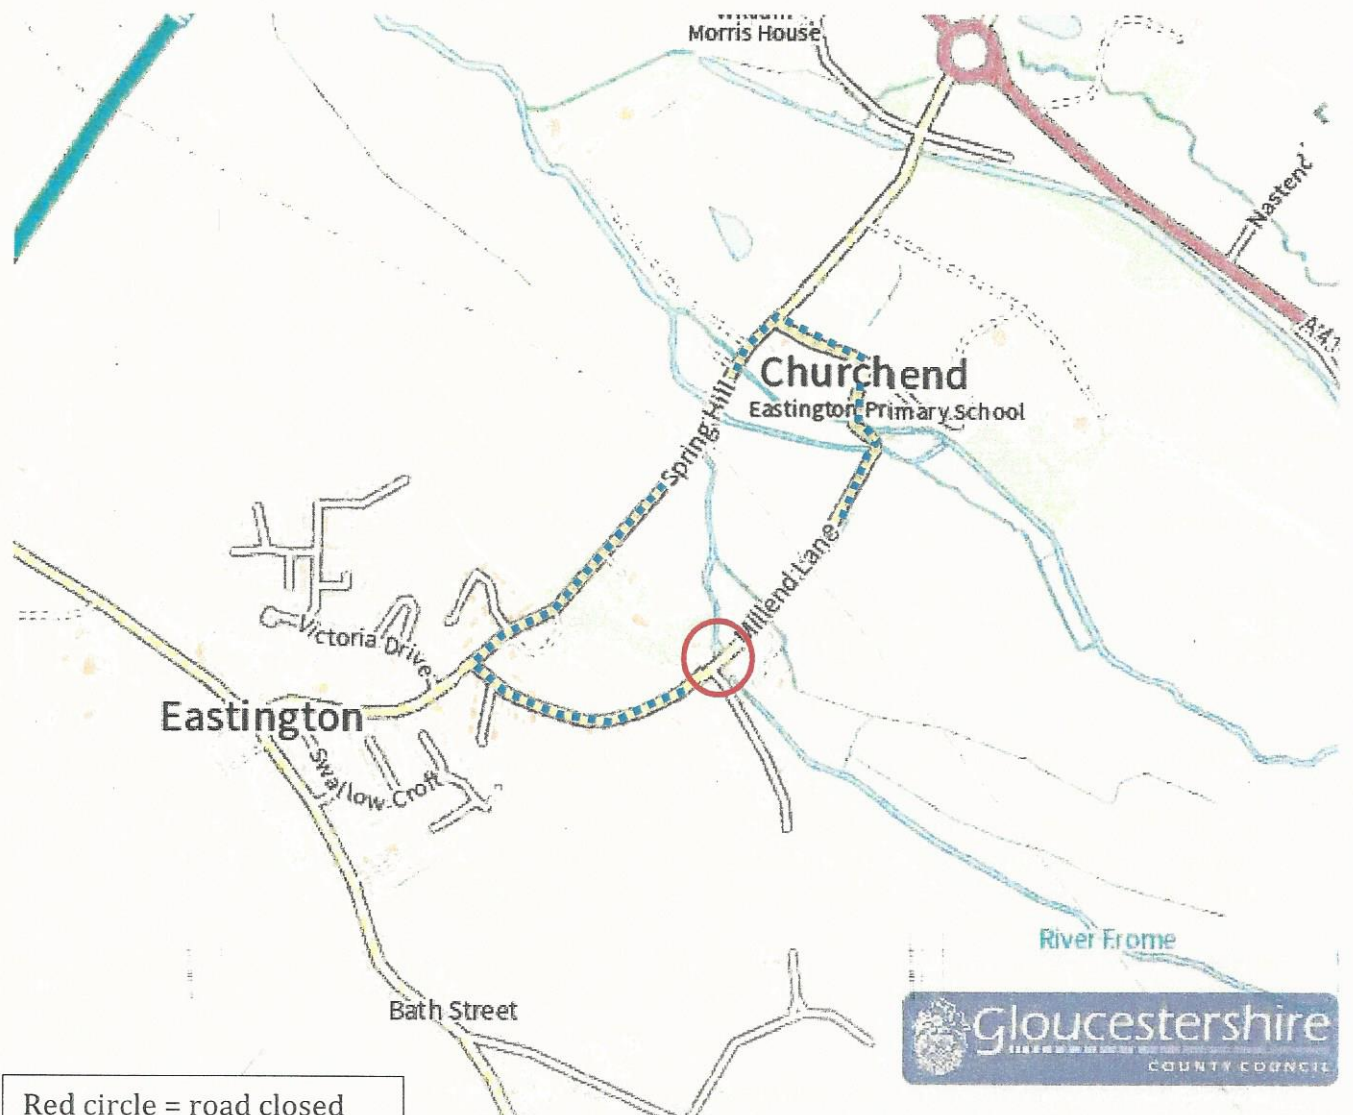

When the work starts, you will be able to speak directly with the construction team, who will keep you updated with progress on the works in order to minimise any disruption to you.

We would like to take this opportunity to thank you in advance for your co-operation.

Yours faithfully

Anthony Mander
Supervisor
