

# EASTINGTON PRIMARY SCHOOL

## Curriculum information

Class 2

Terms 1 & 2 2021

Our class topics this term are *Florence Nightingale and Significant historic people, places and events within Gloucestershire*.

Here are some of the things we will be doing and learning about this term:

<b>English</b>	<ul style="list-style-type: none"><li>● <b>Poetry</b> We'll be reading and enjoying poems with repeating phrases. We will look at different versions and then practice writing our own, focusing on using adjectives, adverbs, similes and rhyming words.</li><li>● <b>Fiction</b> We'll be using our Pie Corbett work to read and learn 'Vlad and the Florence Nightingale Adventure'. We will then innovate the story to write our own version.</li><li>● <b>Non-fiction</b> We are learning all about non-chronological reports and writing our own. We will also be writing instructions later in the term.</li></ul> <p><b>Please remember to read and enjoy books with your child as much as possible, it makes such a difference in so many areas of their learning.</b></p>
<b>Maths</b>	<ul style="list-style-type: none"><li>● <b>Number and Place Value</b> Counting, reading and writing numbers; representing numbers as tens and ones; comparing and ordering groups of numbers.</li><li>● <b>Addition and Subtraction</b> Recognise, count and select coins; recall and apply number facts and fact families to 20; check calculations using the inverse; learn number bonds to 10 and apply to larger numbers; addition of two-digit numbers; subtraction of two-digit numbers; understand difference; compare number sentences.</li><li>● <b>Multiplication and division</b> Count in 2s, 3s, 5s and 10s; make, recognise and add equal groups as multiplication; recognise the multiplication symbol and use in number sentences; make and use arrays.</li></ul>
<b>Computing</b>	<ul style="list-style-type: none"><li>● <b>Online Safety and Digital Literacy</b> Through some online stories, activities and games, we will be exploring and learning how to stay safe when working online. We will learn how to use technology safely and respectfully, keeping personal information private and identifying where to go for help and support when we have concerns.</li><li>● <b>What is a Computer?</b> We will use and remember a password to log onto a computer, understand why we use passwords and why we shouldn't share our password. We will recognise a range of devices that use computers and we will use a range of input and output devices in our lessons. We will use search engines to find information using keywords and understand that we can find information from a website.</li></ul>
<b>Science</b>	<ul style="list-style-type: none"><li>● <b>Uses of Everyday Materials</b> We will identify and compare the suitability of a variety of everyday materials, explore how the shapes of solid objects can be changed (squashing, bending, twisting, stretching), explain how materials and solid shapes can be changed by bending, twisting and stretching. We will also explain how materials are changed by heating and cooling, explain how things move on different surfaces and find out about people who developed useful new materials (John Dunlop, Charles Macintosh and John McAdams).</li></ul>

History	<p>● <b>Florence Nightingale and Significant historic people, places and events within Gloucestershire</b></p> <p>We are going to look at chronology, firstly by describing memories of key events in our lives and sequencing those key events. This will help us to then sequence artefacts from distinctly different periods, match objects to people of different ages and sequence artefacts closer together in time. We will also use sources to answer questions about the past, use stories to help us to distinguish between fact and fiction and recognise why people did things, why events happened and what happened as a result.</p>
Art	<p>● <b>Sculpture and 3D Form</b></p> <p>In the first half of this term, we will explore and experiment with a range of materials to decide which is best to use to make our sculptures. We will also look at what tools and techniques we need to use and we will evaluate our sculptures at the end of the unit.</p>
DT	<p>● <b>Construction and Mechanics</b></p> <p>In the second half of this term, we will use a range of materials to create models with wheels and axles. We will distinguish between fixed and freely moving axles and with support we will use a hacksaw to cut strip wood/dowel. We will also know and use technical vocabulary relevant to our project.</p>
PE	<p>● <b>Multi-skills and Fundamentals</b></p>
RE	<p>● <b>Who is a Muslim and how do they live?</b></p> <p>We will recognise the words of the Shahadah and that it is very important for Muslims, identify some of the key Muslim beliefs about God found in the Shahadah and the 99 names of Allah. We will also give examples of how stories about the prophet show what Muslims believe about Muhammad, as well as give examples of how Muslims use the Shahadah to show what matters to them.</p> <p>● <b>Why does Christmas matter to Christians?</b></p> <p>We will recognise that stories of Jesus' life come from the Gospels, give a clear, simple account of the story of Jesus' birth and why Jesus is important for Christmas. We will also give examples of ways in which Christians use the story of the Nativity to guide their beliefs and actions at Christmas, as well as think, talk and ask questions about Christmas for people who are Christians and for people who are not. Finally, we will reflect on what we are personally thankful for, giving a reason for our ideas.</p>
Music	<p>● <b>Singing and Performing</b></p> <p>We will investigate changes in pulse, rhythm and pitch whilst learning to use our voices expressively and in different ways through singing.</p>
PSHCE	<p>● <b>School Values and the Five Ways of Well-being</b></p> <p>We will be focusing on our school values and understanding what each value means, as well as looking at how we can support our mental health and general well-being.</p> <p>● <b>Valuing differences</b></p> <p>We will identify some of the physical and non-physical differences between people, know and use words/phrases that show respect for other people, identify people who are special to us and explain some of the ways they are special to us. We will also recognise and explain how a person's behaviour can affect other people, identify groups we are part of, explain how it feels to be a part of a group and how it feels to be left out from a group.</p>

Please keep this curriculum information handy as it can be a useful tool in supporting your child in their learning during this term. Please do not hesitate in contacting us if you would like any further details about your child's learning process or the curriculum being studied this term.

Many thanks,

Miss Smith and Mrs Bedwell
