

PARENTS EVENINGS

April 4th/6th 2022

15.3.2022

Dear Parents and carers,

Parents' evenings are to be held on **April 4th and April 6th** between 3.30 – 6.30pm. At present, we are planning to hold these via phone again due to the covid-19 outbreak in school. Mrs Birch will send you information about how to select your appointments later today or tomorrow.

Parent Evening consultations are a great opportunity to share information with your child's teacher. During the meeting the teachers will discuss how your child has progressed, their attitude to learning, their well-being and how we can work together to support their learning and development too.

You will have your usual 10 minute consultation with your' child's teacher – they will call you at your chosen time. (Please make sure we have your up-to-date phone number and that you are in a quiet place and so are able to talk, thank you.) Please be aware that the phone number your teacher will call you from will not be visible to you – your phone may say the call is from a private number or that the incoming call number is unknown.

Whilst we recognise that circumstances within the family sometimes change, e.g. separation etc, we do, wherever possible wish to discuss a child's progress with both parents at the same time. If this is not practical or there are other circumstances that may affect this arrangement, would you please contact your child's class teacher.

Many thanks for your support, we look forward to talking with you soon.

With kind regards,

Ms Zoe Avastu
Headteacher
