

11th July 2022

Dear Parents/Carers,

As in previous years, all children are invited to take part in the Summer Reading Challenge 2022 which runs from the end of June until September. This is free to join and will give children the opportunity to enjoy lots of books during the holiday.

Register at your local library where you can find out about the science focus for this year. The children can discover if they are brilliant bakers, mega music fans or technical wizards! In return for reading, children will earn rewards, be able to play games and unlock badges for their achievements.

Here is a short film clip: <https://www.youtube.com/watch?v=hIL1oiVZWKA>

This year, the reading agency has teamed up with STEM education (science, technology, engineering and maths) so there are many activities for children to try.

<https://www.readingagency.org.uk>

The reading challenge is designed for children between the ages of 4 and 11, therefore it would be great to see families getting involved. Happy summer reading!

Yours sincerely,

Mrs D. Burns
